CONTENTS

We know that curating your merchandising stand can feel like a big task – so we’ve done some of the hard work for you. These Ca’ Pietra Tile Packs have been carefully put together to showcase the very best of what we do: a mix of bestsellers your customers already love, a touch of fresh newness to spark excitement, and a selection that’s guaranteed to look beautiful on display while giving you the best chance of converting orders.

Think of these packs as a starting point. They’re designed to make the selection process easier, but you’re always welcome to pick your own favourites, swap things in, or add extras to suit your customers and your showroom style.

If you’d like a second opinion or a little extra guidance, your Area Sales Manager is always on hand – just give them a call and chat it through.

However you choose to curate, we’re here to make sure your stand not only turns heads but also works hard for you.
